

SECURELY  
for living

## Product

A powerful, battery-operated, wireless indoor siren, featuring:

- Loud sound of up to 85dBA (from 1m)
- Sound duration of 90 seconds following an intrusion
- Dual purpose as a siren and doorbell
- Efficient power consumption to extend the operation period
- Supports automatic over-the-air software programming and configuration upgrade (RSU)
- Easy Installation: Double-sided adhesive tape

## SECURELY for living

The SECURELY for living suite allows living life fully through smart connected homes

- Home security and safety at the core
- Notifications of security events and remote management of the home in real time
- Modular and expandable - manage connected home devices with Z-Wave® expansion
- Smart Rule engine for automation – decide which device, condition, or event will trigger which actions and at what time
- Live HD video – anytime, on any screen
- Save energy and money by ensuring that lights and air conditioning are turned off when not at home
